

The Stukeleys Neighbourhood Plan

Decision Statement

Following an independent examination Huntingdonshire District Council's Cabinet confirmed on the 18 April 2023 that The Stukeleys Neighbourhood Plan will proceed to a Neighbourhood Planning Referendum.

Background

The Stukeleys neighbourhood area was designated on 2 June 2016 under the Neighbourhood Planning (General) Regulations (2012). The plan area covers the parish of The Stukeleys and is contiguous with the Parish council's administrative boundary.

The Stukeleys Parish Council, as the qualifying body, submitted The Stukeleys Neighbourhood Plan and its supporting evidence to Huntingdonshire District Council 12 September 2022. The statutory six week submission consultation was held from 28 September 2022 to 10 November 2022.

Huntingdonshire District Council, in discussion with The Stukeleys Parish Council, appointed an independent examiner, David Hogger BA MSc MRTPI MCIHT, to review whether the submitted Neighbourhood Plan met the basic conditions as required by legislation. The examiner issued his report on 8 February 2023 which recommended that the Neighbourhood Plan, subject to the modifications proposed in his report, met the basic conditions and should proceed to referendum.

Following discussions with the qualifying body it was decided that the Examiner's recommendations would be accepted in full.

The Basic Conditions are:

- Having regard to national policies and advice contained in guidance issued by the Secretary of State, it is appropriate to make the neighbourhood plan;
- The making of the neighbourhood plan contributes to the achievement of sustainable development;
- The making of the neighbourhood plan is in general conformity with the strategic policies contained in the development plan for the area of the authority (or any part of that area);
- The making of the neighbourhood plan does not breach, and is otherwise compatible with, European Union (EU) obligations; and
- Prescribed conditions are met in relation to the neighbourhood plan and prescribed matters have been complied with in connection with the proposal for the neighbourhood plan.

Regulations 32 and 33 of the Neighbourhood Planning (General) Regulations (2012) (as amended) set out two basic conditions in addition to those set out in primary legislation and referred to above. These are:

- The making of the neighbourhood plan does not breach the requirements of Chapter 8 of Part 6 of the Conservation of Habitats and Species Regulations 2017, which set out the habitat regulation assessment process for land use plans, including consideration of the effect on habitats sites.
- Having regard to all material considerations, it is appropriate that the neighbourhood development order is made where the development described in an order proposal is Environmental Impact Assessment development (this is not applicable to this examination).

Decision and Reasons

Huntingdonshire District Council's Cabinet considered the recommendations on 18 April 2023 and agreed to accept the Examiner's proposed modifications and approve The Stukeleys Neighbourhood Plan to proceed to referendum.

The modifications to the Neighbourhood Plan, as needed to ensure it meets the Basic Conditions and in accordance with the Examiner's recommendations are listed in the following table.

Examiner's Recommended Modifications Received 8 February 2023

The statement below sets out the modifications considered by the examiner as necessary to enable the submission neighbourhood plan to meet the required basic conditions. Strike-through text indicates a deletion and bold indicates the insertion of additional text.

The Local Plan also defines a clear boundary for the allocated site HU 1 (Ermine Street Huntingdon). This allows for the effective delivery of strategic expansion locations and mixed use allocations taking into account. Although the local plan defines an area for each of these three strategic locations, the ability to accommodate the dynamic nature of proposals, particularly in the strategic expansion locations is an important feature. This is why these areas are explicitly referred to in policy 1 as being excluded from the area designated as countryside</p>
